

CHEAT SHEET BLOCK PARTY

For the Gospel. For the City. For the World.

WHY DO A BLOCK PARTY?

A Block Party is an event hosted by a family or small group to connect with those who may have never heard the Gospel or have become disengaged from the church.

Block parties provide great opportunities to:

- connect with many neighbors
- develop pathways to meaningful Gospel conversations
- share the Gospel in a variety of ways
- cultivate relationships with neighbors
- identify persons of peace
- invite them to church.

The most effective block parties prioritize being *intentional* and *relational*.
